Advice and Emergencies

My contact details are above. Reasonable amounts of advice between consultations (taking me less than 10 mins) are included in the price. I will always return a call or email as soon as I am able. If you are unable to contact me for any reason and need homeopathic advice, the Homeopathic Help Line (09065 343404) provides 9am to midnight telephone cover 365 days a year in the UK. Calls are charged at £1.53 per minute and you will be recommended a remedy to purchase from a pharmacy.

If you have any doubts in an emergency situation you should contact your GP or Casualty Department.

Withdrawing Medication

Many patients come with a list of pharmaceutical drugs they would like to stop taking. It is my policy that you must consult with your GP before withdrawing any medication and should never suddenly stop taking medication without at least ensuring it is safe to do so. You should contact your GP or Casualty Department for medical emergencies.

If you have any queries, please contact me on 07530 286942.

What to expect from homeopathic treatment

Homeopathy is a form of natural medicine which works with the body's energy to support and strengthen it. As with any holistic treatment, how you respond will be determined by what your body needs to do to heal itself. You may see:

- Improvement in some or all of the symptoms which are concerning you;
- Some worsening of symptoms before these get better;
- Some reappearance of old symptoms;
- The appearance of some new symptoms

If you notice any changes in your symptoms after taking the remedies, it will be very useful if you can make a note of these and bring it along to your next appointment. If any symptoms are really bothering you, please let me know at the time these are happening as I will be able to provide you with further remedies to help.

FORM OF CONSENT TO TREATMENT – please sign and keep

I confirm that I understand and agree to the above. I understand that homeopathy is an alternative approach to health that involves me taking full responsibility for my health. I will not hold Dorothy Watt or Crossroads Homeopathy liable in any way for my health issues and understand they accept no liability.

Accepting the above provisos I request homeopathic treatment from Dorothy Watt.
